

# Wisconsin Partnership Program and PACE

Division of Health Care Financing - Division of Disability & Elder Services  
Medicaid Services to Seniors - February 9, 2005

# Wisconsin Partnership Program

- Risk-based, managed care program
  - Contract with private, non-profit Care Management Organizations (CMOs)
  - Enrolls eligible people within the service area who choose to enroll
  - Receives monthly capitated payment for each person enrolled
- Operates under an 1115/222 demonstration waiver

# What is Partnership?

- Fully integrated acute, primary and long-term care program
  - Home and community-based waiver services
  - All Medicaid card services
  - All Medicare card services
  - Combined into one flexible benefit

\* Federal law requires that private insurance and Medicare (Title 18) are billed prior to Medicaid (Title 19).

NOTE: In managed care programs (Family Care, PACE/Partnership and iCare), most services require prior authorization and must be obtained through contracted providers.

## Wisconsin Partnership Program Counties and Organizations

Division of Health Care Financing - Division of Disability & Elder Services  
Medicaid Services to Seniors - February 9, 2005

Division of Health Care Financing - Division of Disability & Elder Services  
Medicaid Services to Seniors - February 9, 2005

Medicaid Services to Seniors - February 9, 2005

# PACE

- Program of all-inclusive care for the elderly
- Operates in Milwaukee County and 20 + urban areas across the country
- Originally a demonstration program like Partnership
- Fully integrated, Medicaid/Medicare managed care program.

# PACE vs. Partnership

Two key differences:

- PACE uses staff physicians while Partnership allows the member to bring his/her physician into the program.
- PACE delivers most nursing care in a day activity center while Partnership does not require day center attendance but delivers care at home.
